1. Local agriculture must be made a priority. A regular produce storefront should be established. A storefront staffed by William and Mary students, local growers, and county residents would help promote a culture of social, economic, and environmental sustainability for JCC.

1. Fully funded PDR program. We must protect our remaining farms!
2. We really need more softball fields or complex for youth games and invite tourneys.
3. Please keep the EOC facility. We love the option for local businesses.

1. With gas prices soaring – how much could the County save by eliminating all County vehicles (except Police/fire) and paying only legitimate mileage for personal vehicles?
2. How about closing government offices one day a week – saves taxpayer’s money.

Let some more apartments participate in rental assistance (like Lafayette Apts) who work part-time for State, city, or County jobs (anywhere) or give help to find homes because they have to live with F/T welfare people (some are not nice).

Recreation – Brickyard Landing is a nice boat ramp except it's a bit dangerous. JCC needs to put a small pier out there so people can safely enter/exit their boats. Tying up to wet rocks is NOT safe. I recently slipped on the rocks and chipped an ankle bone. Put a dock in for the safety of citizens.

Control/manage growth. Don't pave over the County. If the growth is already approved, build the schools now to save on construction costs. Recruit high paying clean jobs into the Toano industrial and rove industrial areas. Use CW and the College and the hospital as catalysts for luring other high paying, tech, and eco-friendly industry. JCC needs to balance against or with tourism in case of recession.

I want to walk with my family in the inside track of the Rect Center, but if we did this as a family when it was not a free time, the cost would be prohibitive. For my husband and I to walk together would be \$16 a

day for 5 days a week, it would be \$80 a week. If we did this for 3 months , it would be almost \$1,000.
Please readjust the price to walk the track!
