1. Can't we build schools that cost less? We need more large businesses. Stop letting York County take all of them.
2. Stop building so many houses.
3. Look at all the empty stores and businesses.

1. We need safe crosswalks around our stores and schools.
2. We need safe sidewalks along ironbound road to Target Shopping Center.
3. We need a Teen Center for active teens.

1. Botanical Garden.
2. Conservation; less housing, bike lanes, slow growth.
3. Fix water shortage.

1. I support Williamsburg Botanical Garden's request for the Ambler House property.
2. Less housing.
3. More greenspace.

1. No more development, keep the trees and wildlife.
2. Buy greenspace, raise taxes.
3. Stop the influx of old people.

1. Housing, we still don't have affordable housing.
2. Water quality.
3. Environment preservation.

1. Slower and less growth. Think about shrinking size of PSA.
2. Always have water restrictions in place for homes. Have restaurants ask if you want water at restaurants.
3. Must concentrate on attracting hi-tech companies. Cannot depend on tourism and retail.

1. Sidewalks 1 ½ mile in either direction of schools. Exercise and save on fuel for buses.
2. Gray water systems installed in all new homes and developments.
3. Turn older motels and hotels into low income housing. Combine 3 or 4 rooms to form new apartments. Cheaper than building from scratch.

1. Develop water, restaurants, kayaking and sailing.
2. Have a winery route, 3 or 4 within a day's drive. Use our hotels during fall and spring.
3. Landscape, landscape, landscape and save trees, trees, trees!

1. Don't give developers free rein, slow growth.
2. Workforce housing is a loser for the County (i.e. more kids, more strain on schools and resources and minimal tax revenue)
3. N/A
